

## copper & stainless steel chimney pots

Warmington chimney pots are distinctive, high quality pots for added fireplace functionality and street appeal.

Chimney pots can be fitted to existing and timber framed chimneys, and can assist with wind noise.

### Features and Benefits:

- Unique look for any style of home.
- Attractive alternative to clay pots and steel caps.
- Assists with fireplace draft and functionality.
- Lightweight and easy to install.
- Various sizes and heights available.

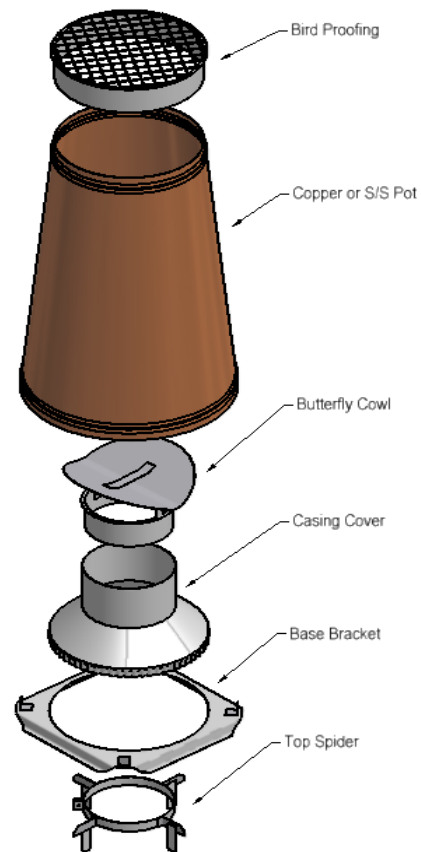

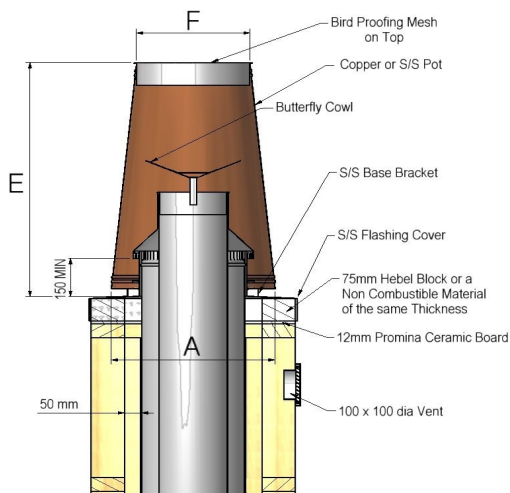

Chimney pots enhance the architectural appearance of any home and give added rain protection and deterrence of pests.

The pots are available in both copper and stainless steel, and are easy to install.
