## accessories and extras

The Nouveau and Nouveau Pizzeria fires come complete with hot plate and grill, pizza peel for the pizza oven, and stainless steel weathershield, to keep your fire looking great.

The Nouveau fires can also be fitted into a freestanding cabinet - available in corten or painted steel options.

A range of extras including rotisseries (small and large), davit arms, gas log lighters and replacement parts, can be purchased from your Local Authorised Warmington Retailer.

All Warmington fires are proudly designed and manufactured in New Zealand using high quality products and finished to a superior level.

## kiwi grill open barbeque fire

Get that South American flavour cooking over hot embers and logs with the kiwi grill

Using the adjustable grill, and altering the distance between the food and the fire, you can achieve the ideal temperature to cook food to perfection.

The V-groove surface keeps food moist, and allows the juices to be collected in the drip pan for basting or use in sauces.

- Sloped V shaped grate for fat free cooking
- Stainless steel construction for durability and easy cleaning
- Range of models and sizes available
- Proudly designed and made in New Zealand

1. Retro-fit model (firebox not supplied)

2. In-built model

3. Barbeque model

4. Freestanding model

## logi pit fire - gas

The built-in design of the logi pit fire makes a great focal point and is a beautiful addition to your garden or patio area

Replace the standard coffee table with the integrated fire pit and enjoy entertaining with a gentle flame.

Quick and easy to light, with no smoke or mess from burning wood, adding ambience to any outdoor area.

- Beautiful outdoor focal point
- Gas flame for even heat distribution
- Easy to install and easy to use
- Proudly designed and made in New Zealand
